

## FAMILY MURDERED; FARM HAND HELD

Wealthy Grain Buyer Slain  
in South Dakota.

### WATCH CAUSES MAN'S ARREST

Men Who Committed Crime Supposed  
to Have Been Acquainted with Fact  
that Several Thousand Dollars  
Was Kept in House—Wife and  
Daughter Die Fighting Intruders.

Aberdeen, S. Dak., July 2.—Emit Victor, a young farmhand employed by John Morrow, of Rudolph, S. Dak., was arrested to-night on suspicion of connection with the murder early to-day of John W. Christie, his wife, his daughter Mildred, and Michael Royne, a farmhand.

Victor was arrested at Northville, twenty miles north of the scene of the tragedy, and was brought to Aberdeen. He denies any knowledge of the crime, but the authorities allege a watch belonging to one of the Christie family was found on his person.

From the fact that one of the bodies was hardly cold when found, the officials believe the quadruple murder was committed about 7 o'clock this morning. Christie evidently was the first victim. He had been milking a cow in the stable when the murderer apparently crept up behind him and killed him with a blow of a hammer.

**Kept Large Sums.**  
Mr. Christie was a man of considerable wealth, and a grain buyer for the firm of Van Dusen & Co. Then the murders hurried to the house, and meeting Mrs. Christie and her daughter, and the Royne boy, who was visiting at the house, prepared to fight them, being armed with a shotgun. The two women and the boy fell dead at the feet of the murderers.

It is supposed the crime was committed for robbery, for few people knew that Christie was in the habit of keeping large sums of money in his house. It is believed he had coin to the extent of several thousand dollars in his house at the time of the murder.

Mr. Christie was about fifty-two years old.

### GET THEIR FATHER RELEASED.

Five Small Children Walk Miles to  
Beg for Clemency.

Wilkesbarre, Pa., July 2.—Five children, the oldest fourteen and the youngest five, walked into the office of Sheriff Rhodda here to-day. Each was washed clean, wore ragged clothes, was very hungry, and had walked five miles.

"I want to see the sheriff, please," said the oldest.

Sheriff Rhodda went to them, and the oldest boy stammered out:

"Mr. Sheriff, I want you to get my father out of jail. They put him in a week ago, and we have eaten up everything in the house. I've worked and bought some bread and meat, but that's all gone. We ain't had nothing to eat since last night, and we want father to come home. I washed and dressed the children, and we all walked here from Fort Griffith to ask you to let him out."

The father was John Rummage, a mine-worker in jail in default of bail on the charge of threats and assault and battery. The mother is dead.

In a few hours Rummage had been released on bail.

### FLEET READY FOR MANEUVERS

War Ship's Crew Paid Off to Give  
Opportunity for Celebrating.

Boston, July 2.—Eight thousand men of the Atlantic fleet, many of whose vessels are lying in Boston Harbor, were to-day paid \$500,000 to tide them over the celebration of the Fourth of July. It is expected there will be lively times until the big sea-fighters leave for Providence tomorrow to rendezvous for the summer maneuvers.

The fleet, which is to assemble in Cape Cod Bay, will comprise forty-eight ships.

From the time the fleet has assembled and the sea-fighters are opened until the war game is called off the officers and sailors will see as near actual service without firing a shot as has ever been participated in.

The ships will be manned day and night, and are to be constantly on the alert for an order.

### THIRTY BUILDINGS BURNED.

Explosion Causes \$1,000,000 Damage  
in Nampa, Idaho.

Boise, Idaho, July 2.—Fire resulting from the explosion of a firecracker this afternoon wiped out a solid block of buildings in the business section of Nampa, Idaho.

The damage is estimated at \$1,000,000.

Owing to the fact that the water mains were being replaced by large pipes, the city was at the mercy of the flames.

Thirty of the largest buildings in the town were destroyed.

### Dies Watching Bull Game.

Pittsburgh, July 2.—While watching the battle between the Pittsburgh and Chicago National League teams at Forbes field to-day, Judge Christopher Magee, aged seventy-four years, retired Supreme Court justice, and one of Pittsburgh's best-known citizens, was stricken with apoplexy, and died in a few minutes in the clubhouse of the park.

### Celebrate Fourth at Berlin.

Berlin, July 2.—Ambassador Hill celebrated Independence day to-day by giving an "at home" for the American colony.

His guests included Gen. Charles Hall, late of Fort Leavenworth, and Admiral Rogers, U. S. N. Dr. and Mrs. Hill will go to Geneva to attend the university celebrations.

### Monoplane Up Forty Minutes.

Paris, July 2.—Bleriot to-day made a fine flight with his monoplane at Douai. He flew at a height of thirty yards, passing over the boulevards, and then went around the Aerodrome twenty-nine times. He covered twenty-six and one-half miles in forty minutes.

### Mayor Busse Out of Danger.

Chicago, July 2.—Mayor Busse, who was operated upon for appendicitis, is so far out of danger that he will be allowed to receive visitors to-morrow. The mayor's family expect to have him at home by the end of next week.

### Ends Life in Unique Fashion.

Atlanta, Ga., July 2.—The body of Leo H. Malle, a grocer, who committed suicide in a unique fashion, was found here to-day. Malle had looped the rope of a child's swing around his neck and sat in the swing until his own weight strangled him.

## E. P. HANNA VICTIM OF BRIGHT'S DISEASE

Continued from Page One.

with his parents in 1870, and after graduating from the public schools of that place entered the Kansas Agricultural College, where he studied for three years. He later attended the University of Michigan, from which institution he was graduated with honors.

### Came to Washington in 1875.

When his uncle, the late Representative W. A. Phillips, was elected to Congress in 1875, from Michigan, Edwin Hanna came to Washington to study law at Columbia College. He always took an interest in public questions of the day and was often chosen to represent his class in debates. While a student at Columbia he studied shorthand, and became so proficient that he was chosen one of the stenographers to take testimony at the sessions of the electoral commission, which met to decide the Presidential contest between Hayes and Tilden.

Although a graduate in law, Mr. Hanna preferred a career in government service. When the late Carl Schurz became Secretary of the Interior, during Hayes' administration, he appointed Mr. Hanna as his private secretary.

He was also private secretary to Senator Tilden, and later to Secretary of the Interior, and later to Senator Kirkwood, of Iowa.

During Cleveland's first administration he was private secretary to Secretary Lamar, of the Department of the Interior.

When the office of Solicitor for the Navy Department was created he was appointed the counselor for the department. This was during the latter part of 1888, and Mr. Hanna held that office to the time of his death.

### Was District Chess Champion.

For many years he held the title of chess champion of the District of Columbia. During the winter months he taught chess to a class of young men at the Y. M. C. A.

Of Scotch ancestry, he was brought up in the Presbyterian faith and attended the Church of the Covenant in this city. Four children survive him: Frank R. Hanna, of New York; Margaret, Alice and Lulu Hanna, of this city. His wife died several years ago.

Funeral arrangements will be announced later.

### SPECIALIST SEES HARRIMAN.

Magnate Suffers from Slight Paralysis of Lower Limbs.

New York, July 2.—The World will print to-morrow a special cablegram from Birna to the effect that E. H. Harriman, the railroad magnate, is suffering from a slight paralysis of the lower limbs.

Mr. Harriman is at Semmering, Austria, and the World's cable says that every third day Prof. Adolph Struempell visits the railroad king.

The diagnosis of Mr. Harriman's difficulty was made by Prof. Holzknecht, who was called in to make an X-ray examination of the famous American. The examination revealed a condition in the vertebrae that showed signs of paralysis.

The Austrian specialist has promised Mr. Harriman that he will recover from his nervous prostration, but that only a partial relief can be expected from the paralysis, which probably will not affect his ability to work, however.

### REPRISALS ARE THREATENED

French Fishermen More Arrogant  
with the Arrival of a War Ship.

Gloucester Owners File Long List of  
Claims for Depredations Committed on the Banks.

Gloucester, Mass., July 2.—As a result of the firing on the French steam trawler Nordcapp by Capt. Vincent Nelson, of the schooner Senator Gardner, of this port, about two weeks ago, a French war ship has been dispatched to the scene.

This information was brought to port by Capt. George Nelson, of the schooner Elmer E. Gray. The situation, it is admitted, is becoming more tense. Further reprisals may occur.

As a result of the arrival of the French war ship, the French captain is becoming more arrogant. A few nights after her appearance the entire outfit of fishing gear of the Gray-forty tubs of hook and line trawls—were swept away by a Frenchman. The Gray's voyage was broken up thereby, and she was forced to depart for home but partially fished.

Gloucester owners are busy filing a long list of claims against the French for their depredations, and it is estimated the fishing interests here have been heavily damaged as a result of the overhauling and destructive tactics of the French.

News received here from the west coast of Newfoundland is to the effect that the native fishermen there are incensed against the French beam trawlers, and bloodshed may result.

### SOLDIERS NEED EDUCATION.

Boer Leader de Wet Compares City  
and Country Bred Recruits.

The Hague, July 2.—In Europe it is generally held that men from the rural parts of the country make the best soldiers, and that the townsmen, who are better educated but have also a clearer perception of the dangers and discomforts of war, are much more ready to throw up the sponge when in their opinion there is no use in continuing the fight.

The famous Boer guerrilla leader, Christian de Wet, thinks differently, and in a speech he made to some South African students the other day he gave very striking evidence in favor of educated soldiers.

He said that he himself had no school learning because he had never had the chance, but that during the three years of the war he had gone through a process of education. He found that the bravest and most trustworthy soldiers were those who had received a good education.

At the end of the war 80 per cent of those who still remained under arms on the Boer side were men of learning. Nearly all the men of the backveld had abandoned the struggle and gone home. That, said de Wet, was his experience, and therefore he rejoiced in the spread of education in the Transvaal.

### Mass on Lake Shore.

New York, July 2.—Cardinal Gibbons and Mr. Michael J. Lavelle, the rector of St. Patrick's Cathedral, left New York to-day for Lake Champlain to participate in the formal opening of the Catholic summer school at Plattsburgh and the tercentenary celebration of the Champlain settlement. Cardinal Gibbons will preach at the pontifical mass, which will be celebrated on the banks of Lake Champlain to-morrow morning.

### Kidnaped Sister-in-law.

Montgomery, Ala., July 2.—After a chase of twelve miles Arthur Muse was brought back to the city to-night charged with kidnapping Mrs. W. P. Arnett, his sister-in-law, and her little son, W. P. Arnett, Jr. Muse was made on warrants sworn out by Arnett, who avers that Muse took the woman and child forcibly away. Arnett is a shoe salesman.

## DIVIDE OVER PARDON

Portsmouth Preachers Split  
Over Butt Petition.

CASHIER SEEKS LIBERTY

Several Ministers Sign and Several  
Refuse to Sign Paper Asking Release  
from Penitentiary of A. B.  
Butt, Who Defaulted Half a Million  
in Portsmouth Bank.

Norfolk, Va., July 2.—A petition is being circulated in Portsmouth for the pardon of Alexander B. Butt, serving a term of two years in the penitentiary for wrecking the People's Bank.

The preachers of Portsmouth are being requested to sign this petition urging Gov. Swanson to pardon the former cashier, Rev. George H. Spooner, of Monumental Methodist Church, Rev. R. B. Garrett, of Court Street Baptist Church, and Rev. A. C. Thomson, of Trinity Episcopal Church, are known to have signed.

Rev. Stonewall Jackson Brown, of Bright Memorial Methodist Church, and Rev. E. M. Maxey, of Central Methodist Church, are known to have declined when the petition was presented to them.

It was largely through the personal efforts of Rev. George H. Spooner that E. L. Dashiell recently succeeded in securing a pardon from the governor. While it is true that certain depositors of the failed bank are behind a movement to have Butt brought back and tried upon new counts after he finishes his present term, a pardon would in all likelihood stop any future prosecution against Butt on the People's Bank counts.

Butt's defaultations are said to amount to \$500,000.

### DANISH UNIONISTS SEEK WAR

Economic Difficulties in Denmark  
Assume Grave Proportions.

Capitalists and Socialistic Leaders  
Said to Be Preparing for  
Great Economic Battle.

Copenhagen, July 2.—Speeches made at all the meetings of the trade unions in Copenhagen to-night indicate that the war between the wealthy classes of Denmark and the Socialists will be one of the most desperate economic battles ever fought in the world.

The trade unionists and Socialists are determined to carry out their programme, and at their meetings to-night pledge themselves to stick to the end.

The contest between the Socialists and trade unionists on the one hand, and the rich classes and small merchants on the other was precipitated by a decision of the unionists, who are Socialists almost to a man, to establish a great co-operative retail business in Copenhagen, and subsequently to open branches all over the province.

Until the announcement of the co-operative enterprise the small retailers were generally friendly to the Socialists. They figure, however, that the new departure will ruin their business, and they want the government to prohibit it by law.

Angered by this kind of resistance, the Socialists declare they intend the co-operative retailing to be only a preliminary to the substitution of their methods in every form of industry, and that within two years they mean to make the government Socialists in every respect.

The capitalists, who have long been uneasy over the progress the radicals have been making, are welcoming recruits from the commercial classes to their ranks. They say the time has come for them to fight for their existence, and predict a political, and perhaps a physical, struggle which will, they declare, attract the attention of the whole world.

### DURAND'S STAFF NAMED.

Nagel Appoints Census Heads After  
Conference with Bureau Director.

As a part of the reorganization of the Census Bureau preliminary to taking the census, Secretary Nagel announced yesterday afternoon after a conference with the new director, E. Dana Durand, the appointment of the following as Mr. Durand's staff:

Albert H. Baldwin, chief clerk; Thomas S. Merrill, disbursing clerk; Robert M. Pinchell, Jr., appointment clerk; Hugh A. Brown, private secretary to director; Charles S. Sloane, geographer; A. E. Seymour, expert chief of division.

All of the appointments are employed in the Department of Commerce and Labor with the exception of Mr. Baldwin, who is in charge of a division in the Post-office Department. He succeeds W. S. Rossett, whom it is understood has been offered the position of Assistant Director, created by the new census bill. The appointments become effective on July 15.

### LOOKING FOR EARRINGS.

Jewels Valued at \$10,000 Sought by  
Washington Police.

The Washington police are looking for a pair of earring stones valued at \$10,000, stolen from a safe in Brussels, Belgium. A circular containing a description of the jewels reached Washington yesterday, and was sent to the police precincts.

The earrings represent a bunch of grapes, the top of which is formed of three leaves in shape of a rose, with diamonds. The grapes are usually natural in appearance and color. They are made of emeralds, and weigh about forty carats.

### Chinese Cases Continued.

The case of six Chinamen accused by  
unlawful use of the mails was yesterday continued until next week, when the prisoners will be arraigned before United States Commissioner Anson S. Taylor for preliminary hearing. They were arrested by the police of the Sixth precinct, four Central Office detectives, and two post-office inspectors in a raid on three houses in Chinatown on Friday night.

Celestials each furnished \$500 bond for their appearance at the preliminary hearing, which will be held in Judge Anson's office on Tuesday. They give the names of Lee Hing, Lee Sam, Lee Yuen, Lee Hong, Lee Yoo, and Lee Kim.

### Collier Nero Still on Reef.

Newport, July 2.—There was no material change in the position of the stranded naval collier Nero to-day. Blowing has been a stiff northerly wind, and there has been no change in the position of the boat to pound and roll considerably.

On account of this, Capt. Kennedy signalled during the day that he was having trouble in keeping steam up. It was deemed advisable to take off the valuables from the boat. These were brought to the torpedo station by the naval tug Nina.

### Two Boys Dying from Burns.

Chicago, July 2.—Chicago's celebration of the safe and sane Fourth of July began to-day, and two boys are dying as the result. It is the smallest number of serious accidents on July 2 in Chicago in many years. It is attributed to the activity of various organizations looking to a quieter Fourth.
